FISCAL YEAR 2007 CITY OF COUNCIL BLUFFS ANNUAL ACTION PLAN

Introduction

The Annual Action Plan is that part of the Consolidated Plan which describes the various resources expected to be available and the activities the City will undertake during Fiscal Year 2007 (FY07) to address the priority needs and local objectives identified in the strategic plan. In addition, the Action Plan serves as an application for federal funds under U.S. Department of Housing and Urban Development (HUD) formula grant programs.

The formula grant programs covered by this Action Plan include only the Community Development Block Grant (CDBG). The Home Investment Partnership (HOME) and American Dream Downpayment Initiative (ADDI) Program funding and activities are outlined in the City of Omaha Annual Action Plan. The goals of the formula grant programs covered by the Action Plan are: 1) to strengthen partnerships among all levels of government and the private sector so as to enable them to provide decent housing; 2) to establish and maintain a suitable living environment and 3) to expand economic opportunities for low and moderate income residents.

Resources

Federal resources expected to be available to address the priority needs identified in this plan include CDBG. The City anticipates \$1,880,900 in CDBG assistance in FY07 (January 1, 2007 – December 31, 2007), which includes the annual entitlement of \$1,054,000; FY06 carryover of \$28,650; program income of \$170,000; other state and local resources of \$200,000; and private sources of \$428,250.

Description of Activities

The City of Council Bluffs distinguishes between five different but complementary areas of program development in its overall CDBG programs: Housing Development, Economic Development, Public Services and Facilities and Administration. Section III of the Annual Action Plan summarizes the projects to be funded in FY07 through the use of CDBG funds.

Certifications

I certify, to the best of my knowledge and belief, that no Federal appropriated funds have been paid, or will be paid, by or on behalf of the applicant, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of this Federal grant or its extension, renewal, amendment or modification. If funds other than Federal appropriated funds have or will be paid for influencing or attempting to influence the persons listed above, I shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying. I certify that I shall require all sub awards at all tiers (including sub-grants and contracts) to similarly certify and disclose accordingly.

Federally recognized Indian Tribes and tribally designated housing entities (TDHEs) established by Federally-recognized Indian tribes as a result of the exercise of the tribe's sovereign power are excluded from coverage of the Byrd Amendment, but State-recognized Indian tribes and TDHEs established under State law are not excluded from the statute's coverage.

This application incorporates the Assurances and Certifications (HUD-424B) attached to this application or renews and incorporates for the funding you are seeking the Assurances and Certifications currently on file with HUD. To the best of my knowledge and belief, all information in this application is true and correct and constitutes material representation of fact upon which HUD may rely in awarding the agreement.

Instructions for the HUD-424

Public reporting burden for this collection of information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

This form must be used by applicants requesting funding from the Department of Housing and Urban Development. This application form HUD-424 incorporates the Assurances and Certifications (HUD-424-B). You may either (1) attach the Assurances and Certifications to the application or (2) renew the certifications that you previously made on behalf of your organization and submitted to HUD if the legal name of your organization has not changed and you were the authorized representative who signed the Assurances and Certifications.

Item Number Instructions

1. Please indicate whether your application is for a formal application submission or a preliminary application (pre-application). HUD does not accept pre-applications for programs funded through the SuperNOFA.
2. Enter the date you are submitting your application to HUD.
3. This box will be completed by HUD. When received by HUD, your application will be stamped:
 - (a) with a date; and
 - (b) with the time received.
4. Leave Blank. This will be completed by the HUD program office receiving your application. When HUD accepts electronic applications for the grant program you are applying for, this number will be computer generated.
5. If your application is to renew or continue an existing grant, provide the existing grant number. If a new award, please leave blank.
6. Leave blank if you have not been provided a HUD ID number or user number. If you are a Public Housing Authority, enter your HUD issued Public Housing Authority ID number.
7. Enter the legal name of your organization applying for HUD funding.
8. Enter the name of the primary unit in your organization, if applicable, which will be responsible for the program.
9. Enter the complete address of your organization.
10. Enter the name, title, telephone number, fax number, and E-mail of the person to contact on matters related to your application.
11. Enter your organization's Employer Identification Number (EIN) as assigned by the Internal Revenue Service or if you are applying as an individual, your Social Security Number.

12. Choose from the list and enter the appropriate letter in the space provided. You must be an eligible applicant to apply for assistance.

You must read the program information requirements to determine if you are a type of applicant that is eligible to apply for assistance under the program.

13. Enter the type of application you are submitting for funding consideration.

Check the appropriate box.

"New" means you are applying for a new grant award.

"Continuation" means you are requesting an extension of an existing award.

"Renewal" means you are requesting funding for renewal of an existing grant. e.g. Supportive Housing Program (SHP) or Shelter + Care grant.

"Revision" means you are submitting a revision prior to the application due date in response to HUD's request for clarification or modification to your initial submission.

14. Pre-filled.

15. Enter the Catalog of Federal Domestic Assistance (CFDA) number and title and, if applicable, component title of the program.

16. Enter a brief description of your program and key activities.

17. Identify the location(s) where your activities will take place. If this is the entire state, enter "Entire State".

18a. Enter the proposed start date.

18b. Enter the proposed end date.

19a. List the Congressional District(s) where your organization is located.

19b. List any Congressional District(s) where your program of activities or project sites will be located.

20. You must complete the funding matrix on page 2 of this form.

Enter the following information:

Grant Program: The HUD funding program under which you are applying.

HUD Share: Please check the program requirements. Enter the amount of HUD funds you are requesting in your application.

Applicant Match: Enter the amount of funds or cash equivalent of in-kind contributions you are contributing to your project or program of activities.

Other Federal Share: Enter the amount of other Federal funds for your program of activities.

Instructions for the HUD-424 (Continued)						
State Share: Enter the amount of funds or cash equivalent of in-kind services the State is providing to your project or program of activities.						
Local/Tribal Share: Enter the amount of funds or cash equivalent of in-kind services your local/tribal government is providing to your project or program of activities.						
Other: Enter the amount of other sources of private, non-profit, or other funds or cash equivalent of in-kind services being provided to your project or program of activities.						
Program Income: Enter the amount of program income you expect to generate over the life of your award.						
Total: Please total all columns and fill in the amounts.						
21. You should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 or check your application kit to determine whether the State Intergovernmental Review Process is required.						
22. This question applies to your applicant organization, not the person signing as your organization's authorized representative. Categories of debt include disallowed costs that requires repayment to HUD.						
23. To be signed by the authorized representative of your organization. A copy of your governing body's authorization for you to sign this application must be available in your organization's office.

RESOLUTION NO. 06-215

A RESOLUTION APPROVING THE USE OF 2007 COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), 2007 HOME INVESTMENT PARTNERSHIP (HOME) AND 2007 AMERICAN DREAM DOWN PAYMENT INITIATIVE (ADDI) FUNDS AND DIRECTING THE MAYOR TO SUBMIT THE ANNUAL PLAN TO THE CITY OF OMAHA AND THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD).

- WHEREAS, the City of Council Bluffs, an entitlement community, annually receives CDBG funds from HUD; and
- WHEREAS, the City of Council Bluffs also receives HOME and ADDI funds from HUD through the Omaha-Council Bluffs HOME Consortium; and
- WHEREAS, the Community Development Advisory Committee held a public hearing to obtain the views of citizens on housing and community development needs; and
- WHEREAS, the Community Development Department and the Community Development Advisory Committee received requests from the public for CDBG, HOME and ADDI funding; and
- WHEREAS, the Community Development Advisory Committee held public hearings on said funding requests to ensure that citizens have had an opportunity to present project proposals and comments; and
- WHEREAS, on August 1, 2006, the Community Development Advisory Committee prepared recommendations on said funding requests; and
- WHEREAS, it is the opinion of the City Council that it would be in the best interest of the City to allocate CDBG, HOME and ADDI funds as listed and outlined in Attachments A, B and C.

NOW, THEREFORE, BE IT RESOLVED
BY THE CITY COUNCIL
OF THE
CITY OF COUNCIL BLUFFS, IOWA

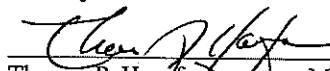

That the projects listed in Attachments A, B and C with the corresponding CDBG, HOME and ADDI amounts are hereby approved.

BE IT FURTHER RESOLVED

That the Mayor is hereby directed to cause the preparation of an Annual Plan which outlines the proposed use of funds as required by the U.S. Department of Housing and Urban Development.

APPROVED
AND

ADOPTED: August 14, 2006

FUNDING SOURCES

FY07 FUNDING SOURCES

The following are estimates of funds expected to be available during 2007 for use in carrying out the City's affordable housing, economic and community development programs and activities:

<u>Federal Resources</u>	<u>Amount</u>
FY07 CDBG Entitlement	\$1,054,000
FY06 CDBG Entitlement Carryover	\$28,650
Other HUD Resources	\$0
Other Federal Resources	\$0

Total Estimated Federal Resources	\$1,082,650
 <u>Program Income</u>	
FY07 CDBG Program Income	\$170,000

Total Estimated Program Income	\$170,000
 <u>Other State and Local Resources</u>	
State Resources	\$0
Local Resources / Applicant Match	\$200,000

Total Estimated State and Local Resources	\$200,000
 <u>Private Sources</u>	
Estimated Private Sources	\$428,250

Total Estimated Private Sources	\$428,250
 Total Estimated Funds from All Sources	\$1,880,900

LEVERAGE/MATCHING FUNDS

In order to achieve the goals of the Consolidated Plan, other entities must apply for federal funds for which the City is not itself eligible. The sources of “other” federal funds include, but are not limited to: 1) Public Housing Comprehensive Grant, Section 8 Assisted Housing and related Programs; 2) Federal Emergency Management Agency Programs; 3) Community Services Block Grant Programs; 4) the Section 202 Elderly Housing Program; 5) the Section 811 Supportive Housing Program; 6) the Continuum of Care Super NOFA Supportive Housing Fund Program; 7) the Supplemental Assistance for Facilities to Assist the Homeless Program; 8) Federal Home Loan Bank Affordable Housing Program; 9) the Housing Counseling Program and 10) the Shelter Plus Care Program.

State of Iowa resources available for local investment include: 1) Iowa Finance Authority Low Income Housing Tax Credit and Tax Exempt Bond Programs; 2) Iowa Finance Authority Housing Assistance Program (HAP); 3) Iowa Department of Economic Development Emergency Shelter Grant Program (ESG) and Homeless Shelter Operations Grant Program (HSOG) and 4) State HOME Investment Partnership Program.

Private resources include the, the United Way of the Midlands, Iowa West Foundation, other foundation grants and corporate contributions.

The City’s Community Development Department is knowledgeable about local, state and federal resources for affordable and supportive housing and has experience in working with local entities in securing such resources. The City will assist eligible agencies in identifying resources and will aid appropriate organizations in preparing applications to public and private agencies for financial assistance. If necessary, the City will recruit eligible agencies to apply for programs which will help achieve the goals of the Consolidated Plan.

Funds leveraged for affordable housing programs will be met primarily by the subrecipient organizations receiving the funds. Entities applying for funds for which the City is not itself eligible will provide required matching funds from their own resources. In some cases local or state government funds may assist the project, but in the majority of the cases the subrecipient will meet the matching requirements of the program with its own funds or with private funds. CDBG funds will be leveraged with private dollars secured from private and nonprofit sources.

The City typically has been successful in leveraging federal funds with private dollars in its housing and community development programs. Primary sources of leveraged funds are private financing and private equity contributions. In some instances, foundation grants are leveraged with federal funds. The success the City has achieved in leveraging private funds has been sustained through the design of programs, the method of selecting projects and the recipients of funds, and the City’s monitoring of programs.

SECTION III

FY07 ANNUAL ACTION PLAN NARRATIVE

Funding Allocation Criteria and Proposed Use of Funds

Funding Allocation Criteria

The City has established the following funding criteria to ensure that, to the greatest extent feasible, the use of CDBG funds benefit low and moderate income persons.

- The City's proposed allocation of CDBG funds should be consistent with the national objectives of Title I of the Housing and Community Development Act of 1974.
- Approved programs, projects and services shall be directly related to the City's CDBG Program objectives as outlined in the Consolidated Plan.
- CDBG assistance shall not supplant funding from any other pre-existing public or private resource.
- CDBG funds shall be used for administrative and operational costs of subrecipient organizations only when such organizations are under City contract for services meeting program objectives.

The primary objective of the City's Community Development Program is the development of viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. It is anticipated that in during the 2007 funding cycle that at a minimum 70% of the funds will be utilized for persons of low and moderate income. Typically the City utilizes 90% of the funds for persons of low and moderate income. The City must certify to U.S. Department of Housing and Urban Development (HUD) and maintain evidence that the use of CDBG funds gives maximum feasible priority to activities which carry out the national objectives.

This Statement of Objectives establishes the City's community development objectives and sets forth the strategy used to meet the objectives. Our proposed 2007 CDBG Program has four general parts:

1. Housing Development – The conservation and redevelopment of established neighborhoods and the preservation and expansion of their housing stock.
2. Economic Development – The revitalization of commercial properties and job creating projects that benefit low and moderate income people.
3. Public Services and Facilities – The development of physical and human service projects that benefit low and moderate income people by non-profit organizations.
4. Administration – The efficient operation of the Community Development Program.

The specific local objectives of the City's CDBG Program and how they will be addressed are described below.

Part I - Housing Development

The City's housing development efforts will have three main components: single-family rehabilitation, rental rehabilitation and housing development. Single-family rehabilitation projects will address the need to preserve existing single-family, owner-occupied housing and to help low and moderate income people finance home improvements. Rental rehabilitation projects will help finance the removal of architectural barriers in rental housing. Housing development activities will find ways to create affordable rental opportunities and to make home ownership possible for low and moderate income people. Together these programs make up a coordinated strategy for neighborhood improvement and reinvestment.

Single-Family Rehabilitation

The general objectives addressed by the single-family rehabilitation program are:

1. To provide dramatically visible, concentrated improvement in strategic parts of the City with the greatest economic and housing needs.
2. To make affordable rehabilitation financing more available in low and moderate income areas. To expand rehabilitation activities into low and moderate income areas which have seen little or no previous CDBG investment.
3. To continue to use leveraging programs with private sources.
4. To continue to provide special services to people with critical needs, including barrier removal and emergency repairs.
5. To support agencies and programs which are associated with and vital to the success of the Community Development Program.
6. To continue to implement the Lead Based Paint Regulations and to support the reduction of such hazards.

We will meet these objectives in the following ways:

1. Home Improvement Program: This program provides affordable home improvement financing to low and moderate income homeowners for both interior and exterior modifications. The program is implemented on a city wide basis with emphasis on the City's NRSA. The Home Improvement Program will also aim to reduce lead based paint hazards in low and moderate income households. Priority will be given to those families whose children are under the age of 6 or individuals with documented elevated blood levels. The program will directly benefit low and moderate income residents and utilize \$420,575 in CDBG funding.
2. Emergency Repair Program: This continuing program provides grants to very low income homeowners for critical emergency repairs in their homes. This program operates throughout the City, but is targeted toward low-income households (0 to 50% of median

family income). Therefore, all funds (\$25,000) will benefit low and moderate-income individuals and families.

Blight Removal

1. Blighted Program: This program will be administered by the Community Housing Investment Corporation (CHIC) and will involve matching funds from the Iowa West Foundation. This program involves the acquisition, demolition and redevelopment of vacant and blighted properties. Upon completion of demolition, properties are disposed to private investors and developers for the construction of housing. Activities will eliminate slum and blighting influences on a spot or area basis or benefit low and moderate-income persons. The Blighted Program is divided into parts: that resulting in low/mod housing (\$96,187.50) and that classified as slum and blight removal (\$96,187.50). \$64,125 in CDBG and \$64,125 in private foundation funds and \$64,125 in land sales proceeds and builder fees will be utilized for this program.
2. Mid-City Railroad Corridor: This project will involve the acquisition and demolition of properties in the City's Mid-City Railroad Corridor. The Mid-City Railroad Corridor project area is a 36 block area encompassed on the north by Avenue G; on the south by 5th Avenue; on the west by Indian Creek and 13th Street; and on the east by 10th Street. This area was designated as an Urban Renewal Area, as per Chapter 403 of the Code of Iowa by City Council on May 24, 2004. Properties acquired under the program will be held in public trust. However, some properties will be utilized to allow for railroad track consolidation, drainage/flood control and infrastructure improvements, neighborhood redevelopment projects and open space. Activities will eliminate slum and blighting influences on an area basis. CDBG funding will be allocated in the amount of \$150,000 and \$300,000 in private foundation funds.

Rental Rehabilitation

The general objectives addressed by the rental rehabilitation efforts are:

1. To provide sound rental housing for low and moderate income residents.
 2. To encourage the reuse of vacant, but repairable multi-family structures.
 3. To use CDBG funds to leverage private investment and to make rehabilitation projects economically feasible.
 4. To increase the supply of handicap accessible units.
- We will meet these objectives in the following way:

1. Barrier Removal Program: This program, administered by the League of Human Dignity, provides grants to low income persons with disabilities to assist them in modifying their residential units for accessibility. The program encourages persons to remain in their existing living environment and creates additional accessible housing in the community. The program is available for rental units and owner-occupied housing. This program operates throughout the City for low and moderate income households (0-80% of median).

\$21,375 in CDBG funds and \$4,000 in private foundation funds have been committed to this program. All funds will benefit low and moderate-income individuals and families.

Housing Development

The general objectives addressed by the housing development efforts are:

1. To expand home ownership opportunities for low and moderate income residents.
2. To conserve and reuse structures that face demolition or continued deterioration.
3. To promote new, moderate cost residential construction for homeowners in community development areas.
4. To convert unproductive land to productive residential use.
5. To encourage more efficient use of existing infrastructure through infill development.
6. To encourage the development of low cost housing for elderly residents.
7. To support agencies and programs which are associated with and vital to the success of the City's community development efforts.
8. To encourage for-profit builders and developers to reinvest in low and moderate income neighborhoods.

We will meet these general objectives in the following ways:

1. Habitat for Humanity: This program builds homes for very low-income families using donated funds, materials and volunteer labor. They sell these homes to families at cost, with no interest and receive repayment through "sweat equity" and monthly cash payments based on the householder's ability to repay. To qualify, households must have incomes between 30 and 60 percent of the median income. This program is carried out on a community-wide basis. The City of Council Bluffs will provide \$42,500 in CDBG assistance for land acquisition and \$790,000 in private funds will be provided to this program.
2. Neighborhood Development Program: This program provides public infrastructure support for redevelopment projects located within the NRSA. Funds will be targeted to projects located in the Neighborhood Revitalization Strategy Area (NRSA). During FY07 the funds will be targeted to the 23rd Avenue neighborhood redevelopment project. All funds will benefit low and moderate-income individuals and families. The City of Council Bluffs has committed \$150,000 in CDBG funds and \$200,000 in Capital Improvement Program funds for this project in 2007.

Part II – Economic Development

The City will continue to use CDBG funds to reinforce business development and job creation for low and moderate income people. Economic development builds financial strength in the community and job creation activities help people achieve economic self-sufficiency.

The objectives addressed by the economic development component of the City's community development efforts include:

1. To improve the commercial building stock of the community.
2. To encourage new small business starts and expansion in the Neighborhood Revitalization Strategy Area.
3. To create jobs for low and moderate income people.

We will meet these objectives through the following projects:

No projects were funded in 2007 to meet this objective.

Part III – Public Services and Facilities

Public services and facilities programs are designed to provide an opportunity for non-profit community organizations to develop and execute projects which benefit low and moderate income residents. The general objectives of this part of the program include:

1. To provide a means by which non-profit organizations can construct physical development projects which will benefit low and moderate income people.
2. To support the human service needs of the community with emphasis on homeless and transitional housing, homeless prevention, youth activities and education, and housing counseling.
3. To improve the quality of improvement projects through competitive applications.
4. To expand emergency services to low income people.

We will accomplish these objectives through the following programs:

Homeless and Transitional Housing

1. MICAH House: A \$38,475 allocation in CDBG funds, \$25,000 in United Way funds, \$30,000 in Emergency Shelter Grant funds, \$16,834 in Federal Emergency Management Agency funds and \$230,018 in other grants and donations will be provided to the MICAH House Emergency Family Shelter. The funds will be utilized to pay for operational costs for the facility located at 231 South 7th Street. This project will benefit homeless women and families.

2. Catholic Charities: An allocation of \$8,550 in CDBG funds, \$102,000 in United Way funds, \$11,000 in Emergency Shelter Grant funds, \$240,350 in VOCA funds and \$104,938 in donations will be provided to Catholic Charities. The funds will be utilized for operational costs for the Phoenix House, a domestic violence shelter. The facility is located at a confidential location. This project will benefit women and children that are victims of domestic violence and/or sexual abuse.
3. Christian Worship Center: An allocation of CDBG funds will be provided to the Christian Worship Center for the operational costs associated with MOHM's Place, which serves as a feeding site, clothing and food pantry, a wellness clinic and information and referral center. This project benefits homeless and near homeless persons and families. CDBG funds in the amount of \$5,850 have been committed to this project along with \$6,000 in FEMA funds, \$16,000 in Emergency Shelter Grant funds, and \$93,000 in other grants and donations.

Housing Counseling

1. Family Housing Advisory Services (FHAS): An allocation will be provided to FHAS for HomeSearch Counseling, Pre-Purchase Counseling, Foreclosure Prevention Counseling, Fair Housing Services and Mediation Services in the community. Activities will also include homebuyer seminars to be coordinated with the Metro 100 Program and City Infil Program. This project will benefit low and moderate-income persons and families and utilize \$29,925 in CDBG funds, \$16,320 in SHP funds, \$27,020 in United Way funds, and \$23,000 in Emergency Shelter Grant funds.

Part IV – Administration

The program administration component covers a portion of the Community Development Department's cost for program administration and provides financial support to associated agencies and programs. General objectives for program administration include:

1. To assure that the largest possible proportion of Council Bluffs' CDBG entitlement is used for physical development projects.
2. To provide high quality program administration at minimum possible cost.
3. To support agencies and programs which are associated with and vital to the success of the Community Development Programs.

We will meet these objectives in the following ways:

Community Development Department: Administrative support for Council Bluffs CDBG Program is provided by the Community Development Department. The Department is also responsible for overall program management, coordination, monitoring and evaluation of community development activities, including a historic survey of the Glen/Park area, assisted in whole or in part with federal or general funds, tax increment financing and other programs. The \$311,850 funding for CDBG program, while a necessary part of the Community Development Program, is not counted as an activity that benefits low and moderate-income people.

HOMELESS AND OTHER PERSONS WITH SPECIAL NEEDS

Homeless

According to the latest “point-in-time” count (conducted January 26, 2006), there are 1632 homeless individuals in the Omaha/Metro area. Of these, it is estimated that 513 are chronically homeless. The remaining 1119 are single individuals and persons in households with and without children. The following table offers a breakdown of the homeless population (and subpopulations) identified in the “point-in-time sheltered and unsheltered count”.

(NOTE: The data contained in this table were obtained during a point-in-time count conducted by outreach teams, service providers, community volunteers and homeless and formerly homeless individuals. These groups were trained in how to collect the data so as to ensure data quality, and as the date of the count neared, reminders were sent to ensure that all would be at their scheduled sites and locations as planned. All shelters and all transitional housing facilities participated in the count and all unsheltered locations where homeless are known to congregate were surveyed, i.e., parks, abandoned buildings, river front sites, etc. A random sample of sheltered clients was interviewed so as to make subpopulation estimates. The count was conducted in the early morning prior to the opening of the shelters so as to avoid counting the same individual(s) twice.)

<u>Homeless Population</u>	<u>Sheltered</u>		<u>Unsheltered</u>	<u>Total</u>
	<u>Emergency</u>	<u>Transitional</u>		
Families with children	36	48	10	94
Persons in families with children	126	174	30	330
Single individuals & persons in households without children	689	454	159	1,302
Total Persons	<u>815</u>	<u>628</u>	<u>189</u>	<u>1,632</u>

<u>Homeless Subpopulations</u>	<u>Sheltered</u>	<u>Unsheltered</u>	<u>Total</u>
Chronically homeless	410	103	513
Severely Mentally Ill	305	56	361
Chronic Substance Abuse	492	85	577
Veterans	141	12	153
Persons with HIV/AIDS	6	0	6
Victims of Domestic Violence	134	6	140
Unaccompanied Youth (under 18)	109	7	116

The Metro Area Continuum of Care for the Homeless, of which the City of Council Bluffs is a member, consists of innumerable programs designed to provide housing and services to the various populations listed in the above table. Currently, there are sixteen programs that offer emergency shelter to homeless individuals and/or families, together providing 484 individual beds and 192 family beds; leaving a need – based on calculations involving the above point-in-time count – of 309 individual beds, no family beds. Similarly, there are twenty-three programs that offer transitional housing. Together, they provide 269 individual beds and 482 family beds; leaving a need – again based on calculations involving the above point-in-time count – of 467 individual beds, no family beds.

There are very few permanent housing beds – either in the form of units or vouchers --available in our jurisdiction. The latest inventory indicates only 21 rental vouchers for the chronically homeless. Given that all 513 chronically homeless individuals need (or will need) permanent housing, this leaves a need of 492 permanent housing beds for the chronically homeless alone.

These specific housing needs are accompanied by supportive service needs (for both the chronically homeless and other homeless) that must be met if the strategy for addressing homelessness is to be effective and whole. The following provides a reiteration of the housing needs mentioned above but includes, as well, supportive service and other needs that must be addressed.

In order to address the problem of homelessness in our jurisdiction (chronic and otherwise) the following is needed: 1) a substantial increase in the number of affordable housing units; 2) a substantial increase in the number of permanent supportive housing beds/facilities; 3) a substantial increase in the number of rental assistance vouchers (long waiting lists for subsidized housing); 4) an increased capacity on the part of nonprofits to acquire the matching dollars required for federally-funded projects; 5) increased technical know-how (how to package housing development projects, for example); 6) overcoming “not in my backyard” issues with respect to placement of homeless housing and service facilities; 7) a substantial increase in the number of substance abuse recovery programs/beds; 8) a substantial increase in the number of individual emergency shelter and transitional housing beds; 9) an increased understanding of program eligibility requirements on the part of “mainstream program service providers”; 10) an increase in the number of case managers and outreach personnel; 11) an increase in homeless access to medical and mental health care; 12) the full implementation of an HMIS with which to evaluate ongoing efforts.

Previously Omaha Area Continuum of Care for the Homeless (OACCH) and now Metro Area Continuum of Care for the Homeless (MACCH): Through its partnerships, the City of Council Bluffs will continue its participatory and active role in MACCH. MACCH plays a critical part in the funding application processes for Emergency Shelter Grant Funds, State Trust Funds and Supportive Housing Funds whose awarding of funds have become contingent on (among other things) the applicant’s active involvement with the Continuum of Care.

Renewed in 2006, a Continuum of Care Super NOFA (a Supportive Housing Fund) application was prepared in 1997 by the Pottawattamie County Homeless Link, made up of four organizations Family Service, MICA House Emergency Shelter, Legal Services Corporation of Iowa and the Christian Worship Center; who sought to meet identified gaps with the construction of a seven unit transitional housing facility and the provision of outreach and supportive services to the homeless and near homeless. The outreach and supportive services are provided out of MOHM’s Place, a meal site for homeless and near homeless persons. Services include: legal services, health care, referral and consultation linking participants to appropriate facilities and services such as: 1) emergency shelters to provide homeless persons with safe alternatives to the streets; 2) service providers and housing opportunities and; 3) transitional housing with supportive services (including job training, job placement, substance abuse treatment, mental health services, and independent living skills). These organizations will continue to seek Supportive Housing Program (SHP) funds.

Another Council Bluffs/Pottawattamie County area proposed project awarded SHP funds in 2006 was a homeless shelter for single men and women and additional transitional housing facilities as identified in *The Council Bluffs Housing Needs Assessment and Program Development Plan* prepared in December 2000 by independent planning consultants with the assistance of the Council Bluffs Housing Task Force.

Heartland Homes, in 2006, was awarded HOME funds from the City of Council Bluffs for a 16 unit permanent supportive housing project located on the Human Services Campus along North 16th Street in Council Bluffs. The project will serve homeless individuals as defined by the McKinney Act. The project will consist of 7-three bedroom units, 7-two bedroom units and 2-one bedroom units. Heartland Family Service will provide supportive services to these persons and the project will be designed to meet their special needs. Construction of this project is anticipated to begin in 2007.

Emergency Shelter Grant Program: Emergency Shelter Grant Funds were awarded through the State of Iowa Economic Development Department to five organizations MICA House, Catholic Charities, Family Service, Family Housing Advisory Services (FHAS) and Christian Worship Center for their activities with homeless and near homeless persons and families. Assistance is provided to these agencies for operations, essential services and homeless prevention activities.

The MICA House is a 32 bed emergency family shelter receiving assistance with their operations. Catholic Charities – Phoenix House is a shelter facility for victims of domestic violence and sexual abuse and has the capacity for 24 individuals. Catholic Charities receives ESG funds for assistance with operations and homeless prevention. Family Service receives assistance for essential services for their seven unit transitional housing facility. Family Housing Advisory Services receives operations assistance for their housing counseling activities and homeless prevention. FHAS visits the shelters and MOHM's Place weekly to provide their services to the homeless and near homeless population. The Christian Worship Center manages MOHM's Place. MOHM's Place provides, at no-cost, a daily nutritious meal to homeless and near homeless persons and serves as a location where a network of services that span the continuum can be accessed. Such services include food, clothing, medical services, legal services, mental health services, pastoral services, housing counseling and more. Approximately 41,000 meals are served annually assisting 750 low and moderate income individuals. ESG funds are utilized for operational costs of the facility and homeless prevention.

Community Development Block Grant Program: In 2007, CDBG funds will assist with operational and staff salaries for the MICA House Emergency Family Shelter, Catholic Charities – Phoenix House Domestic Abuse Shelter, Christian Worship Center - MOHM's Place meal site and Family Housing Advisory Services housing counseling programs.

Chronic Homelessness

Our jurisdiction's strategy for helping homeless persons transition to permanent housing and independent living is as follows: 1) fully implement 10 year plan for ending chronic homelessness; 2) continue to develop the Continuum's "housing in stages" approach, with special focus on emergency shelter beds and permanent supportive housing beds; 3) develop permanent supportive housing (there is a great need in our community for housing in this category, both in the form of units and rental assistance); 4) increase the community's capacity to

prevent homelessness by developing new prevention initiatives and expanding existing ones; 5) related to prevention is the development of effective Discharge Planning from state and local institutions that house the chronically homeless; 6) ease and ensure access to existing Mainstream Programs; 7) develop, expand and fully fund Day Facilities for connecting chronically homeless to health care, legal services, counseling, case management, veterans services and other supportive services (as well as providing comfortable, safe settings where the homeless can rest during the day, take showers, do laundry, etc.); and finally, 8) develop a system for evaluating progress in the ongoing effort to address homelessness (HMIS).

The following listing identifies the action steps this jurisdiction is taking in order to transition homeless persons to permanent housing and independent living. Special focus is placed on persons that are chronically homeless. These steps were identified by the jurisdiction's continuum of care.

I. Develop affordable housing/additional permanent housing units --

1. Create more Permanent Housing (PH) beds for the chronically homeless.
2. Implement 10-Year Plan to End Chronic Homelessness.
3. Identify more lead agencies to develop permanent supportive housing projects.
4. Determine financing strategy and seek permanent housing funds.
5. Begin operating 21-voucher Shelter Plus Care program.
6. Initiate development of 24 "permanent housing" safe haven units with planned completion by July 2009.
7. Plan for long-term development of an additional 24 "permanent housing" safe haven units to be completed by 2010.
8. Develop an additional 48 new "permanent housing" units during the period 2008 through 2015.
9. Provide 54 additional rental vouchers over the next 10 years.

II. Increase the percentage of homeless persons staying in PH over 6 months --

1. Provide PH clients with basic needs items including food, clothing, mental health and medical needs.
2. Provide PH clients skill-building training based on individual needs.
3. Track PH bed occupancy through HMIS.
4. Continue annual sheltered/unsheltered count

III. Increase percentage of homeless persons moving from TH to PH --

1. Ask existing TH Programs to consider amending their grant to become Permanent Supportive Housing Programs.
2. Identify missing partners in Discharge Policy Planning Task Force, making sure mental health, corrections, youth aging out of foster care, and consumers are represented.
3. Implement individual written discharge planning for all youth discharged from foster care, youth rehab centers, or other institutions.

IV. Increase percentage of homeless persons becoming employed --

1. Enlist local businesses to identify employment opportunities for homeless persons.
2. Secure commitments from local businesses to employ at-risk adults.

V. Ensure that the CoC has a functional HMIS system --

1. HMIS will implement with trainings in 6/2006 and start date for emergency shelters of 7/2006, transitional providers of 8/2006.
2. We expect to have limited data sharing between service providers at onset.
Also, we expect to integrate Permanent Housing Providers and Street Outreach providers into the HMIS during the next 12 months.

Discharge Policy

In order to ensure that publicly funded institutions or systems of care are not discharging persons directly into homelessness (i.e. to the streets or emergency shelters), discharge protocols have been developed and implemented in the areas of foster care, mental health and corrections. Currently, Continuums of Care throughout the State are working with their local systems of health care to develop effective protocols for discharging persons.

The Iowa Council on Homelessness (ICH) adopted a Discharge Policy on March 18, 2005 and sent it to the Iowa Governor's Office. Since that time the Governor's Office staff has informed the ICH that the Governor is advising his agency directors to implement the recommendations of the Council.

In Foster Care, the Iowa Department of Human Services (DHS) addresses discharge from state foster care, out-of-home care, and general custody. DHS through the Iowa Aftercare Network Preparation for Adult Living (PAL) services ensures that the youth continue to receive supported living into adulthood (the age of majority, which is 18) and reflects the need for any continuity of programmed services, such as educational and vocational services. The Iowa Aftercare Network is a voluntary program that provides supportive/mentoring services for the youth. The Preparation for Adult Living (PAL) service which assists youth who have graduated or completed their GED with living expense while they are working or attending a post secondary training or school. Youth with other mental or physical disabilities are linked to specialized support services to make the transition to living within the community. Though a case is closed when the youth reaches the age of majority, the youth is connected to additional case management when warranted.

Health Care -- The local CoC currently is working with the larger privately funded hospitals and systems of care in order to develop protocols for discharging patients.

Mental Health -- When an individual is committed to a State Regional Center, the discharge planning process begins. The goal is to return the individual to the community and the appropriate level of housing and needed services. All planned discharges include appropriate housing and community services. The Nebraska Housing Related Assistance Program, authorized under Neb. Rev. 71-812(3) and consistent with the intent of Nebraska's Behavioral Health Reform, is to help those who are experiencing an extreme housing burden. To be eligible

for this assistance, an individual must meet several criteria: 1) have a serious mental illness, 2) have an Individual Service Plan with a goal of independent living, 3) be receiving HHSS Authorized Behavioral Health Services, 4) have efforts to secure housing and/or rental assistance as administered by local housing authorities and/or other entities documented, 5) be “extremely low income,” and 6) meet one of the following criteria: a) is being discharged from an inpatient mental health commitment; b) is eligible to move from a residential level of care to independent living; or c) is at risk of an inpatient mental health commitment at least, in part, because of lack of affordable independent housing.

Corrections – Case managers are responsible for conducting discharge planning for assigned caseloads. The intent of discharge planning is to prepare the inmate for release and transition to the community. As much as possible, inmates are encouraged to enroll in the pre-release program; this is mandatory for IA Corrections Youth Facility inmates. The discharge plan consists of educational or vocational goals, a housing plan, and if appropriate, behavioral healthcare goals. The discharge plan is revised at regular interviews. The final discharge plan is completed for those discharging without the benefit of parole at least 90 days prior to discharge. This plan reviews the reasons for discharge without parole and is used to aid the transition into the community. Each facility must develop procedures for coordinating community resources to assist in the final discharge plan and written procedures for doing this are in place and were last revised: 5/18/2005.

Persons with Special Needs

Community Housing Initiatives, Inc., in 2005, was awarded low income housing tax credits from the State of Iowa and HOME funds from the City of Council Bluffs for an 18 unit low income housing project located at 1800 Nash Boulevard in Council Bluffs. All of the units are targeted for households with incomes at or below 40-60% of the Median Family Income. Specifically, five of the units are targeted to persons with mental disabilities. REM Iowa, Inc. will be providing supportive services for residents of these units. Construction of this project is to begin in 2006 with completion expected in 2007.

In 2006, the City awarded HOME funds to Mosaic Housing Corporation for the rehabilitation of 14 rental units located at 2407-2417 Avenue L. The units will be designated for individuals with disabilities and mental illness and ten units will be subsidized through the HUD 811 program. Mosaic will provide supportive services to these persons with disabilities and the project will be designed to meet their special needs. Construction of this project is anticipated to begin in 2007.

Future Council Bluffs/Pottawattamie County area proposed housing projects to be supported by the City include the construction of elderly housing and housing for special populations including physically and mentally disabled individuals. Other efforts for the homeless, elderly and frail elderly, persons with disabilities, alcohol and drug addiction and AIDS and related diseases will be addressed through participation in the continuum and continued planning.

OTHER ACTIONS

Maintaining Affordable Housing

The Consolidated Plan indicated the relative priorities for assistance among: 1) different categories of extremely low, very low and low income households with needs for housing assistance and 2) the activities appropriate for meeting identified needs (in the context of the City's housing market and inventory conditions and the cost of different activities).

The principal features for achieving the objectives of this strategy include:

- Increasing the supply of standard, affordable rental housing through the rehabilitation of existing housing and the construction of new units.
- Promoting home ownership opportunities through the renovation of owner-occupied single-family homes.
- Preserving existing home ownership through the renovation of owner-occupied single-family homes.
- Providing rental assistance to alleviate rental cost burden experienced by very low and low income households.
- Providing affordable housing opportunities designed to meet the needs of the elderly, people with disabilities, large families and other special needs groups.
- Ensuring, at a minimum, a one-for-one replacement of public housing units lost through demolition.
- Addressing the needs of homeless individuals and homeless families through the provision of services and assistance to shelter operators.
- Providing for increased housing choice and opportunity both within and outside of areas of minority and low income concentration.
- Creating economic development activities to help people achieve economic self-sufficiency.
- Providing opportunities for non-profit community organizations to develop and execute projects which benefit lower-income residents.
- Reducing lead-based paint hazards.
- Building increased capacity within the housing delivery system to make the institutional structure more responsive to the needs of low and moderate income persons.

- Implement recommendations contained in the Council Bluffs Affordable Housing Study and *The Council Bluffs Housing Needs Assessment and Program Development Plan* prepared in December 2000.

Removing Barriers to Affordable Housing

During the next year, the City will continue to support efforts aimed at reducing known barriers to fair and affordable housing. Specific activities to be undertaken over the next year include the following:

- Provide funding to FHAS to undertake fair housing and housing counseling services in the community. These activities and others were outlined in the City's Analysis of Impediments to Fair Housing Report.
- Provide funding to continue the Barrier Removal Program for low and moderate income persons and families.
- Continue to implement recommendations outlined in the City's Analysis of Impediments to Fair Housing Report and develop a plan to update this report.
- Continue efforts to identify and provide adequate property, which is properly zoned and served with utilities, for multi-family housing construction.
- Continue to provide relocation assistance to persons displaced by CDBG funded activities through existing policies.
- Support the Municipal Housing Agency, private developers and non-profit organizations in the development of additional affordable housing.
- Undertake and support local efforts which are aimed at educating residents about affordable housing needs and programs in an attempt to change negative attitudes and misconceptions of affordable housing.

Evaluating and Reducing Lead-Based Paint Hazards

- Continue to implement the Lead Base Paint Regulations.
- Continue efforts to conduct contractor training sessions.
- Provide support to CDBG funded activities aimed at reducing lead-based paint hazards.
- Continue to educate staff, including maintaining recertifications as required.

Reducing Poverty

- Pursue the economic development strategies set forth in the Council Bluffs Comprehensive Plan with emphasis on business recruitment and expansion which guarantees a percentage of low and moderate income employees.
- Coordinate all City economic development efforts, regardless of funding sources, with the Iowa Western Community College, Iowa Department of Employment Services, Workforce Development and other job training programs. Coordination will be accomplished through continued planning and strategy development.
- Support development activities which retain and expand the economic mix of residents within low income areas of the community.
- Support the development of affordable housing projects located outside of low income areas.
- Continue to implement a self-sufficiency program to provide assistance to low income persons participating in rental assistance programs.
- Create incentives and programs to encourage private sector investment in low income areas.
- Provide funding for programs that offer services to increase the overall income of low-income persons.
- Continue to implement the requirements of Section 3 on all CDBG funded projects.

Developing the Institutional Structure

The institutional structure within the City, which will deliver and manage the affordable and supportive housing programs, includes elements from the public and private sectors. The Community Development Department will play the lead role in administering the housing strategy. The Department is responsible for implementing the City's community development and redevelopment activities. The Department's plans and programs must be approved by the Mayor, the City Council and the Community Development Advisory Committee prior to implementation.

Funding from the CDBG Program is the foundation for the diverse programs which assist low and moderate income residents with housing needs. The City will administer its CDBG housing development programs identified in the Action Plan.

The Municipal Housing Agency (MHA) will be responsible for Public Housing and Rental Assistance Programs and activities. The MHA will continue its self-sufficiency programs.

Non-profit organizations will play an increasing role in the City's housing strategy. During the period covered by this strategy, the City will work with the Community Housing Investment

Corporation, Family Housing Advisory Services, Community Housing Initiatives, Southwest 8 Senior Services, MICA House, Inter-Faith Response, American Red Cross – Loess Hills Chapter, Christian Worship Center – MOHM's Place, Family Service, Catholic Charities – Phoenix House, Crossroads of Western Iowa, Habitat for Humanity, League of Human Dignity and others. The City will continue to strengthen the capacity of these organizations.

Private builders and developers also play a major role in the production of affordable housing in the City. Private builders and developers participating in City-sponsored housing development programs have an understanding of required development standards and are experienced in working with federal regulations. The City will continue to develop and enhance relationships with new contractors and familiarize them with the rules required under both City and federal regulations.

Enhancing Coordination among Public and Private Agencies

The City also intends to provide services and conduct its activities, as efficiently and responsibly as possible. The Community Development Department of the City of Council Bluffs shall be charged with the responsibility for plan implementation and monitoring. Good record keeping and continuous program monitoring will also be conducted to ensure effective use of funds and maximization of program benefits. The City has identified specific activities. These activities will be carried out by in-house staff or subcontracted to subrecipients depending on the type of program and the capabilities of the organizations involved. Monitoring procedures will have components specific to the program or project.

Monitoring of Subrecipients – The City's project monitoring efforts begin with the negotiation of individual contracts. Contracts must be drafted in such a way as to provide measurable performance criteria and administrative standards, all consistent with HUD or other regulatory guidelines and requirements. Progress towards attainment of specific goals will be monitored throughout the contract term and any longer period specified. This is particularly important for subrecipients who are working under a long term contract for service. Monitoring of subrecipients by City staff will include the combined use of tracking of compliance key terms of the contract, contract specified inventory of required monitoring area, on-site reviews and audits, annual performance reports and periodic status reports as necessary. Violations, deficiencies, or problems identified during routine monitoring procedures will be addressed and corrected by providing the subrecipient with the necessary information and technical assistance. If the problem persists, sanctions will be imposed appropriate to the scale of the problem.

In-House Monitoring – In addition to monitoring the performance of subrecipients, the City has a monitoring system in place for projects and programs conducted by Community Development Department staff. This includes a competitive bidding, job site inspection, eligibility determinations and underwriting criteria and monthly activity reports. Monthly reports allow staff to analyze goal related performance in a number of areas. These include the number of clients benefiting, client composition and geographic areas served. By analyzing at this level, staff can determine when and where needs are being met, area and populations being under served and compliance with regulatory requirements. The City will continue to invest significant staff time and effort to an ongoing and thorough monitoring process to insure that all funds are put to their best and most efficient use according to the priorities and goals identified and within the guidelines of the appropriate state and federal program.

Coordination – The City is committed to working with a variety of citizens and organizations to implement the activities identified by this plan. Existing coordination efforts will be continued to maximize services and programs. In addition to these efforts, the City will focus on several areas. These include: leveraging resources to the greatest extent possible, expanding communication with the private sector in the area of affordable housing development, continually meeting with human service and housing providers to share information, coordinate efforts and address community issues. The City will also participate, and require the participation of other agencies where appropriate, in the Omaha Area Continuum of Care for the Homeless.

Public Housing Improvements

The strategic goals as identified in the Council Bluffs Municipal Housing Agency (MHA) five-year PHA Plan (2005-2010) are as follows:

- Expand the supply of assisted housing by leveraging private or other public funds to create additional housing opportunities;
- Improve the quality of assisted housing by renovating or modernizing public housing units; and
- Ensure equal opportunity and affirmatively further fair housing by undertaking affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required.

The MHA has not been successful in increasing the availability of affordable housing. However, late in 2003 the MHA successfully established a non-profit sister organization to open the door to additional sources of funding for affordable housing production.

The MHA continues to improve the quality of assisted housing by renovating or modernizing existing public housing units. Specifically in 2007 the MHA at its two elderly projects will perform the following improvements:

Regal Towers – Renovation of elevator lobbies, replacement and installation of kitchen flooring in selected units, remodel bathrooms in selected units, replacement and installation of hallway lighting, repaint stairwells, and trash room renovations. The total estimated cost for these projects is \$90,000.

Dudley Court – replacement and installation of fan coil units in selected units, replacement and installation of hallway lighting, and perform miscellaneous site improvements. The total estimated cost for these projects is \$78,255.

The MHA is able to affirmatively further fair housing by maintaining an active relationship with the Pottawattamie County Landlord Association. Through this relationship the MHA is able to promote a better understanding about the benefits of Section 8 participation among persons in the rental housing business.

Public Housing Resident Initiatives

The MHA does not propose any specific resident initiatives for public housing. Currently, the MHA operates two elderly projects and does not own or manage low income family units. As of August 1, 2000, MHA has had a resident on the MHA Board of Directors in accordance with their Resident Board Member Policy.

The MHA continues to do outreach and marketing efforts to local property owners. This is mainly done by sponsoring a landlord's newsletter and actively participating in the landlord association. The MHA has continued to distribute two pamphlets, "Respect Your Tenant" and "Respect Your Rental Unit." The MHA Section 8 continues to participate with the lead-based paint program to educate and inform tenants and landlords.

HISTORIC PRESERVATION

The City has determined that implementation of its CDBG Program will have an effect upon properties included in or eligible for listing on the National Register of Historic Places. Pursuant to Section 106 of the National Historic Preservation Act, the City will implement its program in conformance with 36 CFR Part 800, "Protection of Historic and Cultural Properties".

All projects proposed to be supported financially by the City's Program will be reviewed in a manner consistent with the requirements contained in 36 CFR Part 800 and the procedures outlined by the document "Iowa State Historic Preservation Office".

The following community development activities have been determined to have no effect on historic properties and their implementation will not require review under 36 CFR Part 800:

1. When the Area of Potential Effect (APE) has been intensively surveyed by a professional within the last 8 years;
2. Projects involving buildings of any type that are less than 50 years; and
3. Projects involving single-family dwellings built after 1930, unless it meets certain conditions.

However, their exclusion does not preclude the City from its responsibilities for the identification of historic properties as described in 36 CFR 800.4.

Community Development activities exempt from review under 36 CFR Part 800 are as follows:

1. Exterior rehabilitation activities described below:
 - a. General maintenance/repair, including: gentle cleaning, scraping and painting;
 - b. In-kind replacement;
 - c. Property weatherization;
 - d. Installation of temporary ramps; and
 - e. Construction of ramps on secondary facades.
2. Interior Rehabilitation activities described below:
 - a. In-kind repair/replacement of asphalt and concrete curbs, sidewalks, driveways and ramps;
 - b. In-kind replacement or installation of site improvements, including landscaping and park equipment;
 - c. Electrical and mechanical systems when no structural alterations are needed;

- d. Repair of interior surfaces, including drywall installation;
 - e. Properly installed insulation; and
 - f. Repair/replacement of cabinets and fixtures.
3. Site improvements described below:
- a. In-kind repair/replacement of asphalt and concrete curbs, sidewalks, driveways and ramps; and
 - b. In-kind replacement or installation of site improvements, including landscaping and park equipment.
4. Administrative activities described below:
- a. Mortgage financing assistance;
 - b. Purchase of equipment, etc., where any associated physical improvements are on the exempt activities list;
 - c. Administrative costs; and
 - d. Building acquisition, where any associated physical improvements are on the exempt activities list.

During 2002, the State Historical Society of Iowa announced that the 100 Block of West Broadway would be placed on the National Register of Historic Places. It is because of this designation that in 2005 the Historic Preservation Rehabilitation Program was established to assist and encourage the private sector to reinvest in the area. Any and all exterior modifications to the commercial and/or mixed use properties in the district must be reviewed by the Historic Preservation Commission to ensure that the proposed changes are consistent with the Secretary of Interior's Standards for Rehabilitation and any federally funded project which may have potential effects on the properties must comply with Section 106 of the National Preservation Act of 1966.

In addition, during 2003 a private consultant was hired to conduct an intensive level survey of a portion of 3rd Street, Bluff and Willow Avenue in order to evaluate the district's potential eligibility for nomination to the National Register of Historic Places. The goal is to establish the first Residential Historic District in Council Bluffs. Significant neighborhood interest has been instrumental in the development of this district. Other neighborhood interest has been generated in the Oakland Avenue area. It is anticipated that renewed interest in preservation activities will influence future programmatic and financial decisions. The City is exploring the development of design guidelines for redevelopment efforts in the historic districts.

In 2005 and through 2006 the City managed a Historic Preservation Rehabilitation Program, which is intended to assist with the establishment of revolving loans and/or grants to be used to

aid private owners of historically designated properties in the downtown area with necessary improvements and renovation resulting in reuse of the buildings for commercial and/or mixed use. Properties that are strictly residential in nature would not be eligible for funding. The program is intended to assist in the revitalization and reinvestment of the downtown area, leading to more private sector investment and increasing the number of residential units in downtown. \$265,000 in Economic Development Initiative funds and \$200,000 in private foundation funds were allocated for this Program.

In 2006 the City applied for a Section 108 Loan for the redevelopment of the Nonpareil buildings on Pearl and Main Streets. The Pottawattamie County Development Corporation and J Development are in the process of securing funding to help renovate the building that would cost a total of \$2.6 million. The City is working with both corporations to submit a Section 108 Loan to HUD to assist with the financing. The Section 108 Loan was submitted to HUD in 2006 and incorporated into the FY06 Budget. New market tax credits will also be sought for this project, with the assistance of the National Development Council.

The City of Council Bluffs in partnership with residents of the Park/Glen area plans to create a third residential historic district in Council Bluffs. The area will be surveyed and a nomination crafted for the area as a potential historic district. CDBG funds from the City's Administration budget along with private foundation funds and local historic preservation funds will be utilized to conduct the survey. The total cost for the survey is estimated at \$26,000.

SECTION IV

GEOGRAPHIC DISTRIBUTION OF RESOURCES

GEOGRAPHIC DISTRIBUTION OF RESOURCES

Geographically, the Neighborhood Revitalization Strategy Area (NRSA), the City's central portion, has the greatest housing and service problems. The NRSA is a contiguous area of about four square miles located in the central portion of Council Bluffs and contains the city's Central Business District, the Broadway Commercial Corridor, railroad related industrial uses and a variety of single family residential neighborhoods. A map of the NRSA is on the following page. Based on the 2000 Census figures, 9,902 persons, or 64.4% of the NRSA, are classified as low or moderate income, compared to a city-wide percentage of 54.1%. Residents of the NRSA have the greatest need for assistance and activities in this area are given priority. Some programs are designated only for use within the NRSA. Activities targeted to this area include construction of new single-family, single-family rehabilitation and repair, homeownership assistance, rental housing development, counseling services and homeless initiatives. However, investments in housing will occur throughout all predominantly low and moderate income areas.

In the areas selected for investment the City hopes to achieve: 1) the conservation of existing neighborhoods and the preservation and expansion of existing housing stock; 2) dramatically visible, concentrated improvement of strategic parts of neighborhoods with greatest economic and housing needs; 3) the expansion of rehabilitation and new construction activity into low income neighborhoods; 4) housing infill development which will make vacant property productive again and 5) creation and retention of jobs for low and moderate income persons.

SECTION V

FY07 CDBG PROJECTS

FY07 CDBG BUDGET

	<u>07 Proposed or Requested</u>	<u>CDAC & Staff Recommend</u>
<u>Housing Development</u>		
Home Improvement Program	\$792,656	\$430,000

SECTION VI

OUTCOME PERFORMANCE MEASUREMENT

OUTCOME PERFORMANCE MEASUREMENT

For consolidated plans and annual action plans prepared for Fiscal Year 2007, HUD now requires grantees to incorporate a standardized performance measurement system. The new system is designed to enable HUD to aggregate results of its programs and report to Congress and the public on a more outcome-oriented system (March 7, 2006 Notice in Federal Register).

Each activity in this action plan will correspond to one of the following three objectives:

- Suitable Living Environment
- Decent Housing
- Economic Opportunity

In addition, each activity must also choose an outcome category that best reflects what the participating jurisdiction is seeking to achieve. The three outcome categories are:

- Availability/Accessibility
- Affordability
- Sustainability

In identifying the outcome/objective, HUD has developed a numbering system that ties to their performance measurement system. HUD's outcome/objective numbers are as follows:

	Availability/Accessibility	Affordability	Sustainability
Decent Housing	DH-1	DH-2	DH-3
Suitable Living Environment	SL-1	SL-2	SL-3
Economic Opportunity	EO-1	EO-2	EO-3

The following table provides the matrix of objectives, strategies, and proposed projects during FY07. It also lays out the performance measures by which to gauge program effectiveness.

Table 3A Summary of Specific Objectives

Specific Obj. #	Outcome/Objective Specific Objectives	Sources of Funds	Performance Indicators	Year	Expected Number	Actual Number	Percent Completed
DH-1 Availability/Accessibility of Decent Housing							
DH-1.1	Habitat for Humanity - Single family housing units will be constructed to provide new access to homeownership for the purpose of creating decent affordable housing in Council Bluffs	CDBG (\$42,500) Other (\$790,000)	<ul style="list-style-type: none">Number of units occupied by low – very low income householdsNumber of units made accessible	2005			
				2006			
				2007	2 units		
		2008					
		2009					
			MULTI-YEAR GOAL				
DH-1.2	CHIC – Low-Mod Housing - Single family housing units will be constructed to provide new access to homeownership for the purpose of creating decent affordable housing in Council Bluffs	CDBG (\$32,062.50) Other (\$64,125)	<ul style="list-style-type: none">Number of units occupied by low and moderate low income householdsNumber of units made accessible	2005			
				2006			
				2007	2 units		
		2008					
		2009

SECTION VII

CERTIFICATIONS FOR FY07 CDBG PROGRAM

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position

title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

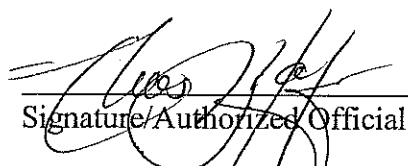

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LOLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Title

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2006, 2007, 2008 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay

the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

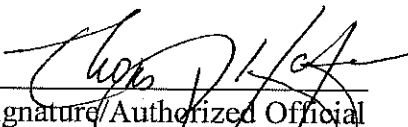

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR §570.608;

Compliance with Laws -- It will comply with applicable laws.

Appendix to Certifications

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies. (This is the information to which jurisdictions certify).
4. For grantees who are individuals, Alternate II applies. (Not applicable jurisdictions.)
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

403 Willow Avenue, Council Bluffs, IA 51503

209 Pearl Street, Council Bluffs, IA 51503

Check ___ if there are workplaces on file that are not identified here; The certification with regard to the drug-free workplace required by 24 CFR part 24, subpart F.

9. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C.812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

SECTION VIII

PUBLICATION NOTICES AND CITIZEN PARTICIPATION

CITIZEN PARTICIPATION

The City allows and encourages all citizens to be involved during the Consolidated Plan and/or Annual Action Plan process, with opportunities to express views on housing and community development needs and to participate in planning, reviewing and assessing actions to meet those needs proposed and performed by the City and to be informed prior to the time of any official action by the City Council. In particular, to include low and moderate income persons, particularly those living in slum and blight areas; low and moderate income neighborhoods; minorities; non-English speaking persons; persons with disabilities; residents of public and assisted housing developments; and residents of targeted revitalization areas in which developments are located. Also, to ensure that those groups most directly affected during the Consolidated Plan and/or Annual Action Plan process are represented, citizen participation will be accomplished by, but not limited to, the following methods:

- a. Communicating with housing, emergency shelter and transitional housing organizations and community agencies that serve lower income clientele, minorities, non-English speaking persons and persons with mobility, visual or hearing impairments;
- b. Communicating with nonprofit organizations, public agencies and other interested parties;
- c. Encouraging, in conjunction with the City of Council Bluffs Community Development Department, the participation of public housing residents and assisted housing developments;
- d. Advertising meeting(s)/hearing(s) in The Daily Nonpareil; and
- e. Ensuring that all citizens wishing to submit their view be offered an opportunity.

Additionally, the City provides information to the Municipal Housing Authority of Council Bluffs about the Consolidated Plan and/or Annual Action Plan process so that the housing agency can make this information available at its annual public hearing.

The Community Development Advisory Committee serves as a forum for receiving public comments and providing information to the public on the development or substantial amendment of the Consolidated Plan and/or Annual Action Plan and the development of the Annual Performance Report. The Advisory Committee works with the Community Development Department and other appropriate City Boards, Commissions and Councils in the development of the Consolidated Plan and Annual Action Plan.

The Advisory Committee held three public meetings/hearings during the development of the 2007 Annual Action Plan that included the identification of community housing and non-housing needs, prioritization of needs, strategy development to meet identified needs and budget recommendations to implement those strategies. All meetings/hearings were advertised in The Daily Nonpareil. Additionally, housing, emergency shelter and transitional housing organizations and community agencies that serve lower income clientele, minorities, non-English

speaking persons and persons with mobility, visual or hearing impairments, nonprofit organizations, public agencies and other interested parties were notified via email or by mail of the meetings/hearings.

Public comments were received during the comment period at the public meetings/hearings. All of the comments or views were accepted. The comments are attached and in summary include the need for a housing study, homeless prevention activities, and affordable housing for very low to moderate income families.

REQUEST FOR PROPOSALS

The Council Bluffs Community Development Department will be accepting proposals through July 17, 2006 for activities which are eligible for assistance under the Community Development Block Grant (CDBG), the American Dream Downpayment Initiative (ADDI) and the Home Investment Partnerships (HOME) Programs. Applications must be received by the Community Development Department by 12:00 p.m. on July 17, 2006. The primary objective of the CDBG Program is the development of viable urban communities, by providing decent housing and suitable living environment and expanding economic opportunities principally for persons of low and moderate income. The ADDI program was created to assist low-income first-time homebuyers in purchasing single-family homes by providing funds for downpayment, closing costs, and rehabilitation carried out in conjunction with the assisted home purchase. The purpose of the HOME Program is to expand the supply of affordable housing for low and very low income families. The City will address these objectives by implementing activities aimed at neighborhood and housing redevelopment, emergency and transitional housing, economic development, and public services, which principally benefit low and moderate income persons. To achieve these objectives, the City has established a Consolidated Plan that sets forth the priorities for funding. These priorities include the following: 1) Single Family Rehabilitation - Moderate and substantial housing rehabilitation programs, emergency housing repairs, counseling services, removal of architectural barriers, and other special needs activities for low and moderate income existing homeowners; 2) Non-Homeless Persons With Special Needs - To provide assisted housing for persons with special needs through new construction units, the rehabilitation of existing units, the adaptive reuse of facilities, rental assistance, and supportive services; 3) Homeownership - Construction of new homes, renovation and disposition of existing homes, and homeownership programs for low and moderate income families; 4) Homeless Persons and Families - To provide assistance to homeless shelters, supportive services to homeless individuals and families, transitional housing, SRO's and Safe Havens, permanent supportive housing, homeless prevention, and assisted living opportunities; 5) Rental Rehabilitation & Construction - To provide affordable housing for low and moderate income renters, including rehabilitation, new construction, rental assistance, supportive services, and self-sufficiency programs; and 6) Economic Development - Economic development activities that principally benefit low and moderate income persons through the creation of jobs and neighborhood business development.

Applications can be obtained from the Community Development Department from the hours of 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m., Monday through Friday. Each applicant will be required to meet with the Community Development Staff to review the application from and determine whether the project is eligible under the CDBG, ADDI and HOME Program requirements. For further information, contact Tina Hochwender of the Community Development Department at 209 Pearl Street, Council Bluffs, IA 51503-4270 or call 328-4629.

RE: REQUEST FOR PROPOSALS

Dear Sir or Madam:

Please find enclosed a "Notice of Funding Availability" from the Council Bluffs Community Development Department for funding availability under the Community Development Block Grant (CDBG), the American Dream Downpayment Initiative (ADDI) and the Home Investment Partnerships (HOME) Programs. Applications for funding can be obtained from the Community Development Department by appointment only from the hours of 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m., Monday through Friday. Each applicant will be requested to meet with the Community Development Staff to review the application form and determine whether the project is eligible under the CDBG, ADDI and HOME Program requirements. In addition, emphasis will be placed on those applicants with project need, project feasibility, a larger number or percentage of persons served being Low-Moderate income persons, adequate administrative capacity and the availability of matching funds. Applications must be received by the Community Development Department by 12:00 p.m. on July 17, 2006.

Upon receipt of the applications, it is the responsibility of the Community Development Advisory Committee to review and hold public hearings on the proposals received and to make funding recommendations to the City Council.

Please contact me at 328-4629 to arrange a meeting with the Community Development Staff to review the application form and determine whether your project is an eligible project.

Sincerely,

Tina Hochwender

Community Development Project Coordinator

"NOTICE OF FUNDING AVAILABILITY"

The Council Bluffs Community Development Department will be accepting proposals through July 17, 2006 for activities which are eligible for assistance under the Community Development Block Grant (CDBG), the American Dream Downpayment Initiative (ADDI) and the Home Investment Partnerships (HOME) Programs. Applications must be received by the Community Development Department by **12:00 p.m.** on July 17, 2006. The primary objective of the CDBG Program is the development of viable urban communities, by providing decent housing and a suitable living environment and expanding economic opportunities principally for persons of low and moderate income. The ADDI program was created to assist low-income first-time homebuyers in purchasing single-family homes by providing funds for downpayment, closing costs, and rehabilitation carried out in conjunction with the assisted home purchase. The purpose of the HOME Program is to expand the supply of affordable housing for low and very low income families. The City will address these objectives by implementing activities aimed at neighborhood and housing redevelopment, emergency and transitional housing, economic development, and public services, which principally benefit low and moderate income persons. To achieve these objectives, the City has established a Consolidated Plan that sets forth the priorities for funding. These priorities include the following: 1) *Single Family Rehabilitation* – Moderate and substantial housing rehabilitation programs, emergency housing repairs, counseling services, removal of architectural barriers, and other special needs activities for low and moderate income existing homeowners; 2) *Non-Homeless Persons With Special Needs* – To provide assisted housing for persons with special needs through new construction of units, the rehabilitation of existing units, the adaptive reuse of facilities, rental assistance, and supportive services; 3) *Homeownership* – Construction of new homes, renovation and disposition of existing homes, and homeownership programs for low and moderate income families; 4) *Homeless Persons & Families* – To provide assistance to homeless shelters, supportive services to homeless individuals and families, transitional housing, SRO's and Safe Havens, permanent supportive housing, homeless prevention, and assisted living opportunities; 5) *Rental Rehabilitation & Construction* – To provide affordable housing for low and moderate income renters, including rehabilitation, new construction, rental assistance, supportive services, and self-sufficiency programs; and 6) *Economic Development* – Economic development activities that principally benefit low and moderate income persons through the creation of jobs and neighborhood business development.

Applications can be obtained from the Community Development Department from the hours of 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m., Monday through Friday. Each applicant will be required to meet with the Community Development Staff to review the application form and determine whether the project is eligible under the CDBG, ADDI and HOME Program requirements. For further information, contact Tina Hochwender of the Community Development Department at 209 Pearl Street, Council Bluffs, IA 51503-4270 or call 328-4629.

**COMMUNITY DEVELOPMENT ADVISORY COMMITTEE
MINUTES
JUNE 19, 2006**

A. CALL TO ORDER

The meeting was called to order at 5:34 p.m. by McManus, Chair.

Members present: Leota McManus, Bill Hartman, Rich Heininger, Matt Madsen and Mark Norman
Members absent: None
Staff present: Brenda Carrico, Tina Hochwender
Others present: Joe Kueper, Str. Claudia Robinson, Marilyn Schroeder, Ron Pierce, Nancy Schulze, D. Conley, Diane McKee, Jane Howard, Julie Stavneak, Pastor Harry Wallar, Teresa Hunter, Deborah O'Donnell, and Donna McFadden

B. APPROVAL OF MINUTES

Motion by Heininger, second by Madsen, to approve the April 25, 2006 minutes. Motion approved.

C. APPROVAL OF AGENDA

Motion by Norman, second by Hartman, to approve the agenda. Motion approved.

D. PUBLIC HEARING/REGULAR MEETING

1. Explanation of Community Development Programs and Regulations

- Anticipated 2007 CDBG, HOME & ADDI revenues

Carrico reviewed the anticipated 2007 CDBG, HOME and ADDI budgets. A handout showing the history of the CDBG Entitlement was provided.

- Citizen Participation Plan

Carrico reviewed the Citizen Participation Plan and how the plan sets forth the steps the City shall provide for and encourage citizens to participate in the development of the Annual Action Plan and performance report.

- Annual action plan preparation and schedule

Carrico reviewed the process and the schedule for preparing the 2007 Annual Action Plan. A schedule was provided with the handouts.

2. Housing and Community Development Needs

- Presentation by Community Development Department of eligible activities / priorities contained in the consolidated plan.

Carrico reviewed the 2007 priority needs and strategy as identified in the Consolidated Plan and outlined in the handout.

- Public comments concerning housing and community development needs

McManus opened the meeting for the public to make comments. Carrico stated that at this time the audience should make it known what needs they identify in the community and how and who can address those needs.

Schulze provided an update on their permanent supportive/transitional housing project. Have operating funds for three years and to be located on the non-profit campus. Need funds for the construction of the building. MICA House relocating on the non-profit campus also. Housing is a huge need, especially housing with supportive services.

O'Donnell also will be located on the non-profit campus. The non-profit campus will create a one-stop shop. Funds are needed to assist residents with needs, such as preventing homelessness. They will continue to collaborate and work together to share information and funds to help people.

Robinson stated that more and more people are experiencing difficulties and that more help is needed to help them past a crisis. They will continue to work together with other agencies to help people in crisis.

Waller stated that 3700-4000 meals are served per month at MOHM's Place. He explained that they are working with HUD to complete the environmental review for their new site. They hope to have this cleared up within 30 days. Also, he added that they are working with Don Gross on relocating the thrift store. Currently they give away \$3500 per month in merchandise to near homeless and homeless persons.

Kueper stated that he is amazed how far these funds can be spread. He observes a need for housing rehabilitation. He suggested that a comprehensive housing study be done to assist in getting money for lead based paint housing issues. He also stated that there is more money from the government for housing rehabilitation in regards to lead based paint.

Pierce added that John Malloy did 23 homes and he has done 24 homes since he has been heading Habitat. They hope to have their 50th home completed by September 30, 2006. Land costs continue to be an issue for them. A home is an investment that will pay off down the road. They hope to move from completing 6 homes per year to 7 homes per year. They are also looking at having a building supplies/thrift store in the future.

Hunter added that they don't want to duplicate services. They provide homebuyer education classes and foreclosure prevention assistance. Donna McFadden works with the Iowa Workforce Development Corporation and others to get referrals for their services.

McKee stated that they depend on CDBG funds to operate their domestic violence shelter. The length of stay is becoming longer because they are providing better programming to prepare their clients for being out on their own.

E. OTHER BUSINESS – None

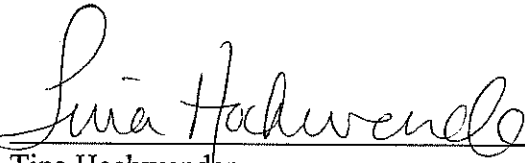

F. PRESENTATIONS FROM THE COMMITTEE MEMBERS

Madsen and Norman thanked everyone for the work that they do in our community and for taking the time to participate in tonight's meeting.

G. ADJOURNMENT

Motion by Norman, second by Madsen, to adjourn the meeting at 6:02 p.m. Motion approved.

Respectfully submitted by:

Tina Hochwender

Community Development Project Coordinator

Community Development Advisory Council Needs Assessment Meeting

Council Bluffs Public Library – 400 Willow Avenue

Monday, June 19, 2006 – 5:30 p.m.

Name/Agency: First Step Health Center / Our's Mother's Place

Address: 117 W. Broadway

Phone Number: 712-256-3940

Comment: Appreciate the opportunity to update CDE –

on Homeless Issues & Ministry Progress

Community Development Advisory Council Needs Assessment Meeting

Council Bluffs Public Library – 400 Willow Avenue

Monday, June 19, 2006 – 5:30 p.m.

Name/Agency: Aprilyn Schroeder American Red Cross

Address: 915 N. 16th St. Co. Bluffs

Phone Number: 712-322-4017

Comment: Our agency is needing funds for low

income families for rent, & utilities

The need far exceeds the funds.

Community Development Advisory Council Needs Assessment Meeting

Council Bluffs Public Library – 400 Willow Avenue

Monday, June 19, 2006 – 5:30 p.m.

Name/Agency:

Jack Kropf

Address:

Phone Number:

Comment:

- Need a City wide/comprehensive housing condition study
- Condition & Value by neighborhood
- Identify zoning/code violations
- * - Identify, outline & quantify lead paint problem in residential areas.

* This could be a separate study.

- Develop a plan to take advantage of federal lead abatement funds

Community Development Advisory Council Needs Assessment Meeting

Council Bluffs Public Library – 400 Willow Avenue

Monday, June 19, 2006 – 5:30 p.m.

Name/Agency:

Sister Claudia Robinson, Inter-Faith Response

Address:

25 South 15th St - #6C

Phone Number:

(712) 322-0531

Comment:

There is a frightening increase in the numbers of citizens of Council Bluffs who are experiencing threat of homelessness - evictions, there are too many people sleeping in parking lots, etc. We need your help.
Thank you.

SECTION IX

AMENDMENTS

RESOLUTION NO. 07-321

A RESOLUTION AMENDING THE USE OF B-07 COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDS AND DIRECTING THE MAYOR TO SUBMIT AN AMENDED ANNUAL ACTION PLAN TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD).

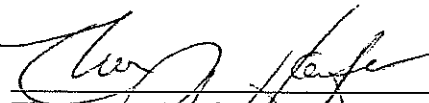

- WHEREAS, The City of Council Bluffs is an entitlement community which receives CDBG funding from HUD which requires the submission of an Annual Action Plan; and
- WHEREAS, This Annual Action Plan is prepared using estimates of federal funding to be received as well as other program resources for the period of January 1, 2007 to December 31, 2007; and
- WHEREAS, City Council originally approved the 2007 Annual Action Plan on August 14, 2006 using estimates of federal funding levels; and
- WHEREAS, In March of 2007, the Community Development Department staff was notified that our CDBG allocation would be \$1,099,991; and
- WHEREAS, With the 2006 Budget year completed, the 2006 projects/activities with remaining balances have requested to carryover their remaining 2006 funds into 2007; and
- WHEREAS, After consideration and review, the Community Development Department and the Community Development Advisory Committee have prepared amendments to the B-07 Annual Action Plan; and
- WHEREAS, The amendments are outlined in Attachment 'A'; and
- WHEREAS, It is the opinion of the City Council that it would be in the best interest of the City to amend its B-07 Annual Action Plan to reflect the actual receipt of the CDBG funds and the 2006 carryover amounts.

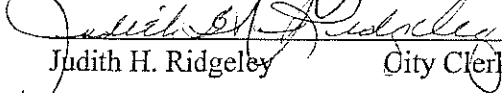

**NOW, THEREFORE, BE IT RESOLVED
BY THE CITY COUNCIL
OF THE
CITY OF COUNCIL BLUFFS, IOWA**

That the amendments as outlined in Attachment 'A' are hereby approved as amended and that the Mayor is hereby directed to forward the proposed amendments to the B-07 Annual Action Plan to the U.S. Department of Housing and Urban Development.

ADOPTED

Certifications

I certify, to the best of my knowledge and belief, that no Federal appropriated funds have been paid, or will be paid, by or on behalf of the applicant, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of this Federal grant or its extension, renewal, amendment or modification. If funds other than Federal appropriated funds have or will be paid for influencing or attempting to influence the persons listed above, I shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying. I certify that I shall require all sub awards at all tiers (including sub-grants and contracts) to similarly certify and disclose accordingly.

Federally recognized Indian Tribes and tribally designated housing entities (TDHEs) established by Federally-recognized Indian tribes as a result of the exercise of the tribe's sovereign power are excluded from coverage of the Byrd Amendment, but State-recognized Indian tribes and TDHEs established under State law are not excluded from the statute's coverage.

This application incorporates the Assurances and Certifications (HUD-424B) attached to this application or renews and incorporates for the funding you are seeking the Assurances and Certifications currently on file with HUD. To the best of my knowledge and belief, all information in this application is true and correct and constitutes material representation of fact upon which HUD may rely in awarding the agreement.

PUBLIC NOTICE OF AVAILABILITY

Notice is hereby given that the amendments to the Consolidated Plan – Annual Plan for B-2007 are available for public review. The amendments to the Annual Plan reflect the actual receipt of Community Development Block Grant (CDBG) funds the City will receive, revised B-2006 carryover funds and program revenues. The total CDBG budget of \$3,761,512; based on a \$1,099,991 CDBG entitlement grant, 2006 carryover, program income and other program funds. The Plan provides the following allocations for the CDBG Program's \$3,761,512: Projects - \$3,449,662 and Administration - \$311,850. The Plan also includes information on general priorities, affordable housing, homelessness, other special needs, non-housing community development plans, barriers to affordable housing, lead-based paint hazards, anti-poverty strategies, institutional structure, coordination, public housing resident initiatives, resources, activities to be undertaken, geographic distribution, homeless and other special needs activities, other actions and program-specific requirements.

The Annual Plan may be viewed Monday through Friday, from 8 a.m. to noon and from 1 to 5 p.m., at the Council Bluffs Community Development Department (403 Willow Avenue). Copies of the Plan will also be available at the City Clerk's office and the Council Bluffs Public Library during regular business hours. All interested agencies, groups, and persons may submit written comments or questions to the Community Development Department, 209 Pearl Street, Council Bluffs, Iowa 51503 or email community@councilbluffs-ia.gov.
